2a.7

The artwork, layout, search criteria, and other Allegro components as part of Allegro Biznes may differ from those available to Users not being Allegro Biznes Users to the extent that this is related to different features of Allegro Biznes and the dedication of Allegro Biznes to entities using Allegro in connection with the business activity they pursue.

Section 2b. THE FAMILY GROUP FUNCTIONALITY

2b.1.

A Family Group Manager shall be a User who is a natural person over 18 years of age, has a full capacity to act, does not carry out any economic activity on Allegro, has an active Regular Account, and has completed the full Registration process in any manner described in the Terms & Conditions (with the exception of the manner of Account activation specified in paragraph 2.6. subparagraph a. clause. ii) of the Terms & Conditions). Where national laws provide for reaching the age of majority at a different age, the Family Group Manager shall at least have reached said age.

b. A User who is a natural person over 13 but below 18 years of age, insofar as he or she can acquire rights and assume obligations pursuant to the generally applicable provisions of law and subject to the rules set out in Appendix 6 to the Allegro Terms & Conditions (Junior Account principles), with an active Junior Account.

and at the same time is a family member related by blood or marriage to the Family Group Manager and other Family Group Members.

Where national laws provide for reaching the age of majority or obtaining a limited capacity to perform legal transactions at a different age, those national laws shall be applied.

2b.3.

A Family Group is set up by the Family Group Manager using an option available within their account by inviting the first person being their family member (including another User) via Allegro.pl to the Family Group being created. The Family Group Manager shall invite other persons from their family (including other Users) to the Family Group by filling out an invitation form. Prior to sending the invitation, the Family Group Manager shall obtain the required consents from the person to be invited, including consent to providing to Allegro.pl the data of the person to be invited and to the receipt of the invitation by the person to be invited. When the data of the person invited is provided to Allegro.pl by the Family Group Manager, the Family Group Manager shall represent that they have the right to use such data and that the use thereof on Allegro and via Allegro.pl will not violate any rights of the data subject. The Family Group Manager shall be liable for the truthfulness of the representation referred to in the preceding sentence, and they shall indemnify and hold Allegro.pl harmless from and against any liability arising in connection with any use of the data on Allegro or via Allegro.pl which is unlawful or violates the rights of the data subject.

2b.4.

A person (including a User) who has received an invitation to a Family Group may either accept or reject the invitation within a time limit specified by Allegro.pl. 2b.7

A request to purchase Goods sent by a Family Group Member to the Family Group Manager does not preclude that Family Group Member from purchasing the requested Goods or other Goods on their own, using their own Account, in their own name, and on their own behalf.

2b.8

The Family Group Manager who has purchased Goods as a result of a request to purchase the Goods sent by a Family Group Member may transfer the ownership of the Goods to other persons, including the Family Group Member who has sent the request to purchase that Goods. To that end, the Family Group Manager and the purchaser of the Goods, by their own means and on their own responsibility, shall take the steps required by law and pay any dues (including taxes) in connection with the transfer of Goods ownership.

2b.10

Any User who meets the conditions specified in paragraph 2b.1 may simultaneously (at the same time) start only one Family Group within the Family Group Functionality. Any User who meets the conditions specified in paragraph 2b.2 may be simultaneously (at the same time) a member (participant) of one Family Group only.

2b.11

The Family Group Manager and every Family Group Member shall use the Family Group Functionality and the options available within it in accordance with the Terms & Conditions, applicable laws, and with the intended purpose and assumptions of the Family Group Functionality and the options available within it, which are described in the Terms & Conditions (taking into account the provisions of the Terms & Conditions of services or promotional actions available within Allegro, including within the Family Group Functionality, for the Family Group Manager or a Family Group Member). II. TRANSACTIONS

Section 3. OFFERS

3.1.

On Allegro, the Seller, when setting the offer terms, may make available to Buyers the following procedures for entering into the sale agreement:

a. Only with Buy Now option, where the Seller offers to sell the Goods at a predetermined price. This Offer may include one or more units of the Goods;

b. Auction, where the Seller, by putting up the Goods for sale, invites Bidders to place bids in order to conclude an agreement. Auction may involve only one unit of the Goods. In the case of Auction, the Seller may set additionally the Buy Now option; however, if the Seller sets a reserve price on the terms set out in paragraph 3.2., the Buyer may use the Buy Now option only until the Bidder places a bid equal to that price. If no reserve price is set by the Seller, the Buyer may use the Buy Now option until the Bidder places the first bid.

3.2.

In Auction, the Seller may set a reserve price, i.e. the lowest price at which the Seller is willing to sell the Goods. Bids lower than the reserve price shall not result in the conclusion of the sale agreement. The amount of the reserve price shall not be disclosed to Users until a Bidder offers the price equal to or higher than the reserve price.

3.3.

The aim of the Offers displayed in the listing categories: "Cars", "Real Estate", "Holidays", "Live Animals", "Machinery", "Trailers, Semitrailers", "Other Vehicles and Boats", "Motorcycles and Quads", "Services" and "Tickets" is not to conclude an agreement. These Offers are only classified ads. The Offers referred to in the previous sentence may not include more than one unit of the Goods.

The Offers referred to in this paragraph may be presented by entities cooperating with Allegro.pl under separate agreements, in particular, on websites or in online applications (including mobile applications) operated by them.

3.4.

Allegro.pl uses default sorting of Offers within the list of Offers, to adjust the order of their placement to the preferences of Buyers ("Relevance").

The following factors are taken into account with respect to Relevance:

1. Offer information, such as compliance of the Offer description with the Terms & Conditions; the number of displays of the Offer in different time intervals; the number of purchases made in a specific Offer; the number of Goods added by Users to the cart within a given Offer; the number of Users who marked (or unmarked) a given Offer as Observed; the price of the listed Goods; the number of Goods listed; the number of methods of free delivery made available by the Seller within the Offer; the estimated delivery time for the Goods resulting from the Goods shipment time as declared by the Seller, the actual time of making this shipment and the delivery method provided by the Seller in the Offer; the availability of free return options; the status of the listed Goods, including their features; mode of the conclusion of the sales agreement — Buy now/Auction; the timeframe of the Offer; promotion options; "Official Store" distinction; placing in the Deal Zone, posting the Offer in the category that corresponds best to a given type of products; and whether the Offer title is similar to the content of the Users' query in the search engine concerning the Goods being the subject of this Offer;
2. Seller information, such as mainly number of positive and negative ratings; the rate of "recommended" ratings given by Buyers; average rating of the costs of delivery of Goods; average rating of compliance with Goods description; average rating of the quality of customer service provided by the Buyer; timely completion of parcel tracking numbers; time of response to messages from other Users; participation in the Super Seller program; the number of violations of Appendix No. 1 to the Terms & Conditions; the number of notices in connection with violations of paragraph 13.3 of the Terms & Conditions and paragraphs 1(4) and 1(7) of Appendix No. 2 to the Terms & Conditions

3.5.

Apart from the default sorting by the "Relevance" criterion, the User can select the following types of Offer sorting within Offer lists on Allegro, i.e.:

- a. Price: low to high. This takes into account the criteria in the following order: Offer featured in the listing, Offer matching the searched phrase and category, lowest price, highest popularity, shortest time until Offer expiration;
- b. Price: high to low. This takes into account the criteria in the following order: Offer featured in the listing, Offer matching the searched phrase and category, highest price, highest popularity, shortest time until Offer expiration;
- c. Price including delivery: high to low. This takes into account the criteria in the following order: Offer featured in the listing, Offer matching the searched phrase and category, lowest price with delivery, highest popularity, shortest time until Offer expiration;

- d. Price including delivery: low to high. This takes into account the criteria in the following order: Offer featured in the listing, Offer matching the searched phrase and category, highest price with delivery, highest popularity, shortest time until Offer expiration;
- e. Most popular. This takes into account the criteria in the following order: Offer featured in the listing, Offer matching the searched phrase and category, highest popularity, shortest time until Offer expiration;
- f. Time: ending soonest. This takes into account the criteria in the following order: Offer featured in the listing, Offer matching the searched phrase, shortest time until Offer expiration, Offer number;
- g. Time: newly listed. This takes into account the criteria in the following order: Offer featured in the listing, Offer matching the searched phrase, shortest time from Offer publication, longest time until Offer expiration.

3.6

Allegro.pl may include the Seller's Offer published within a Business Account in the Allegro Prices program whose detailed Terms & Conditions are provided in Appendix no. 21 hereto. As part of that program, the Seller consents for automatic reduction of the price of the Goods, as a result of which the Buyer can purchase it at a discounted price. In return, Allegro.pl provides the Seller with a transactional rebate lowering the fee due to Allegro.pl for the services performed as part of Allegro, corresponding to the difference between the original and discounted price of the Goods. The Seller may exclude any of its Offers or Accounts from the Allegro Prices program.

Section 4. FORBIDDEN ITEMS

4.1.

As part of any Transaction, Sellers may not list Goods trading of which violates applicable provisions of law (taking into account the provisions of any foreign law that may apply in a given case) or rights of third parties (in particular copyrights and other intellectual property rights) as well as listing of which may be considered as violating good practice. Sellers shall not sell Goods in a given country or take any measures related to the sale in that country if that would be in contravention to the laws applicable in that country. Section 5. COMMENCING A TRANSACTION

5.1.

The Seller shall prepare an Offer by filling in the sale form available on Allegro, thus laying down all terms of the Transaction. The information contained in the description of the Offer may only refer to its object. Upon adding information or data to the description of an Offer, Allegro.pl shall acquire the right to use them, in particular, to use them in any way, at any time, and at its own discretion. In particular, where the Goods included in the Offer are to be sold also outside Poland (among others by selecting or making available foreign delivery options), the Seller shall authorize Allegro.pl to translate the Offer and its components (including by means of automatic text translation software) into other languages and to display the Offer. By adding information or data in the description of an Offer, the Seller declares that they have the right to add them to the description of an Offer, and their use on Allegro and by Allegro.pl, particularly in the manner specified in the preceding sentences, and does not violate the rights of third parties. The Seller shall be liable for the truthfulness of the declaration referred to in the preceding sentence.

5.2.

An Offer description should be accurate and complete and must not mislead other Users, in particular, as regards to the properties of the Goods such as its condition, quality, origin, brand or manufacturer. An Offer description should comply with applicable provisions of law, in particular, contain the information required by applicable consumer protection regulations and, in addition, may not suggest the use of the Goods in a manner violating applicable laws. The User shall be fully liable for the content of their Offer, also for any mistakes or inaccuracies therein.

5.3.

Irrespective of the provisions of paragraph 4.1, the Seller represents that they are authorized to and capable of concluding and performing the agreement with the Buyer.

5.4.

5.5.

Upon posting an Offer, the Seller is bound by its description. The Seller may introduce changes in the Offer until the first bid has been placed by a Bidder. In the case of an Offer with Buy Now option, the Seller may not effectively modify its description for the Buyers with whom they concluded a sale agreement as part of the Offer. The Seller may not introduce any changes in the Offer description that would change the Goods on offer or its properties. Upon posting within the Offer (upon its publication on Allegro) any content being the subject of copyright law, in particular, such as signs, logos, images, descriptions, or photos ("Content"), the User allows Allegro.pl to use this Content free of charge, non-exclusively and without time and territory constraints, within the scope of:

- c. its public performance, display, viewing, reproduction, transmission, and rebroadcasting;
- d. its lending and its introduction to public trading.

The User consent covers preparation of the Content analyses by Allegro.pl, their use in the scope in which Allegro.pl is authorized to use the Content, and giving further consents to the extent of the agreement with Allegro.pl.

The User gives his consent to exercise his personal copyrights to the Content by Allegro.pl and declares that they will not exercise these personal copyrights against Allegro.pl or against entities given by Allegro.pl further consent to use the Content.

The User warrants that they are authorized to make the aforementioned declaration, to give consents included in the Terms & Conditions, and to incorporate the Content. They also warrant that the Content and its use by Allegro.pl in accordance with the Terms & Conditions do not infringe any third party rights. The User shall release Allegro.pl and entities given by Allegro.pl further consent to use the Content from any liability arising from the use of the Content in accordance with the Terms & Conditions

Information about Same-Day Dispatch is visible in the Seller's Offer. Allegro.pl reserves the right to refuse to publish the information referred to in the preceding sentence if the Seller fails to meet the requirements specified at <https://allegro.pl/dlasprzedajacych/wysylka-tego-samego-dnia-dla-wybranych-przez-ciebieprzewoznikow-i-dni-tygodnia-2YRGIGOGlFR#wymagania-jakie-nalezy-spelnic-abykupujacy-zobaczyli-informacje-o-wysylce-tego-samego-dnia-w-twoich-ofertach>

7.2.

An agreement shall be concluded with the winner of the Auction. The winner of the Auction shall be the User who, upon its closure, offered the highest price for the Goods and their bid was at least equal to the reserve price if such a price was specified by the Seller (accepting the winning bid). If several Bidders placed bids indicating the same highest price, the Bidder who bid as the first offering the highest price shall become the winner.

1.1.

In order to create an Offer description, the Seller shall fill in the sale form available on a relevant Allegro page, providing, in particular, the Offer title, the description of the Goods, specifying category corresponding to the nature and type, and how the Transaction is to be carried out (including specifying the Offer duration and, at the Seller's discretion: specifying the starting price, optionally the minimum price, and indicating whether the Buy It Now option should be enabled), and terms of payment. The Offer description should be supplemented with at least one image presenting the Goods on offer. In the sale form, the Seller may also determine a particular manner of presenting and promoting the Offer on Allegro by selecting additional options.

1.2.

An Offer description must not include content that infringes law and Allegro Terms & Conditions, and words, phrases, or expressions that violate moral norms (except for the "Erotica" category due to its specific nature), and drastic content.

1.3.

Essential provisions related to an Offer should be presented as a text in the Polish language. In their Offer, a User may present content saved on third-party servers (not belonging to Allegro.pl), however, this does not apply to essential content.

1.4.

The "Description" field in an Offer, its title and parameters may contain only information regarding the offered Goods, except for additional information on the producer of the Goods and information about other Goods available in the Seller's Offers is permitted in the "Description" field. Information mentioned in the preceding sentence is considered additional and may not represent the majority of the Offer's description. Other information should be posted under appropriate tabs (shipping details under the "Shipping and payment" tab, warranty terms under the "Warranty" tab, the description of the complaint procedure under the "Complaint" tab, the information about termination of the agreement without giving a reason under the "Returns" tab, information about the seller under the "About the seller" tab). Save for exceptions provided for in other provisions of the Allegro Terms & Conditions, contact details must be provided only in places specifically designated for that purpose. In the case of Offers posted in the category: "Food > Catering", the "Description" field may contain contact details and information

related to the Goods delivery. The above rules do not apply to Offers for which separate agreements made with entities cooperating with Allegro.pl otherwise specify the terms and conditions concerning their description.

1.5.

Images included in an Offer must relate only to the offered Goods. Goods may be presented in the context of their use or arrangement. An image may present certificates, technologies, graphic elements (e.g. arrows). Captions are forbidden, except for brand/manufacturer logos, colors and patterns, and the number and unit.

1.6.

Banners in the Offers list may not contain advertisements, promotional and classified ad content regarding activities conducted outside Allegro, and contact details. Brand/manufacturer logos are allowed.

1.7.

An image in the background is a graphic presentation of the profile of activities and the type of products sold at Allegro and must not include contact information, promotional content, and announcements related to any activities carried out outside Allegro. Users may provide their login and brief information on the profile of their activities carried out at Allegro. The information referred to in the preceding sentence shall be provided as additional information and may not fill a major part of the image.

1.8.

1.9.

The content of an attachment must be related to the type of the selected attachment. Information contained in attachments may not violate other provisions of the Allegro Terms & Conditions.

1.10.

An Offer may not contain advertisements, promotional and classified ad content (e.g. offers to buy/exchange anything) and other elements to help purchase goods and services outside Allegro.

1.11.

As part of an Offer, the Seller may not allow the Buyer to decide on one or more of such essential features of the Goods as size or model, etc. In an Offer including multiple units of the Goods, the Seller

may allow the Buyer to select a color or a graphic pattern on condition that the Seller presents current information on the number of available colors or graphic patterns.

In addition, in Offer categories Health > Vision correction > Contact lenses, and Health > Vision correction > Sets (contact lenses + solutions), the selection of contact lenses power can be enabled provided the Seller provides up-to-date availability information.

2. Those User's Offers that cover variations of specific Goods (i.e. advertise the same product but in other color or size) may be combined into a multi-variant Offer. Allegro.pl may automatically combine the User's Offers into a multi-variant Offer, subject to the same process as that applicable to the User, including by splitting already existing multi-variant Offers of a User.

Offers related to given Goods in various sizes and in the same color, combined into a multi-variant Offer will not be listed separately and will only be displayed as part of the relevant multi-variant Offer. A multi-variant Offer will be shown on the product list using the most accurate component Offer of the multi-variant Offer that matches the search criteria best.

Where multiple User's Offers refer to the same Goods (i.e. where they advertise the same product in the same color or size), only one of such Offers may be included in a multivariate Offer. Where a multi-variant Offer is created by Allegro.pl, one such Offer for the same Goods will be selected at random.

Section 6. Settlements

A. Settlements of amounts payable

1. For each User, settlements for the full scope of services related to ensuring functionality and services available on the Allegro commercial platform (the "Comprehensive Service") are separate for each Account type. The Comprehensive Service does not cover settlements which are not VAT-taxable ("No-VAT Settlements") referred to in Section 8.

2. Settlement data may be managed upon logging in to the Account; from their Account, each User may view their current and past settlement and transaction reports (that state the fees and sales commissions charged, and the refund amounts, i.e., the settlement balance). Such settlements include a detailed calculation of partial fees that make up the total fee for the Comprehensive Service and the No-VAT Settlements, as referred to in Section 8.

3. Users are obliged to pay all amounts due to Allegro.pl until the fourteenth day of the next month.

4. Users who receive invoices are obliged to pay the amount payable indicated in the invoice irrespective of its amount.

5. A User that does not receive any invoices is obliged to pay the fees due to Allegro.pl after the end of a given billing cycle. It is not required to make any payment in case the total amount due as of the end of a month is below PLN 10.00. In such case, the User shall make a payment after the end of the month in which the amount due reaches at least PLN 10.00. However, upon the request of Allegro.pl, the User shall be obliged to make a payment within a specific deadline even if the total balance is below PLN 10.00.

6. Failure to pay the amount payable within the required time limit may result in the User Account functionality being partially or completely disabled. In such a case, the restoration of full Account functionality shall be conditional on the settlement of all amounts payable to Allegro.pl.

7. Payments to the Allegro.pl shall be made to an individual bank account assigned to a given Account. Payment details are available upon logging in to the Account.

8. Payments made by Users to Allegro.pl are credited towards the amounts arising from an invoice that is due and payable. When it comes to the Users referred to in section 5 above, such payments are credited for the monthly settlement of a given billing cycle. With respect to a single billing cycle, payments made by Users are credited on a pro-rata basis to the Comprehensive Service and No-VAT Settlements. In case the fee due to Allegro.pl is made up of several due and payable invoices or monthly settlements of billing cycles, payments made by Users are credited first towards the oldest of them.

B. Overpayments

1. If an overpayment is made to the Account during a billing cycle, the User may, at any time, request a refund, using a form available in the My Allegro > Billing > Settlements with Allegro tab, save that the overpayment in the Account shall be first credited towards any fees and sales commissions currently charged, and No-VAT Settlements, and any debts in a given User's other Accounts. As a general rule, the overpayment shall be refunded by bank transfer to the entity that made the payment, to the account from which the payment was made.

2. In case of any overpayment in the Account at the end of a billing cycle, it will be recognized as an advance towards the Comprehensive Service (excl. No-VAT Settlements referred to in Section 8) in subsequent billing cycles. If the User does not want the overpayment to be credited as an advance, they should ask for its refund in accordance with the applicable procedure.

3. In case the advance referred to in section 2 above is available in the User Account, it will be applied in the following order: (a) to cover the adjustment of payments made (taking into account any payments made in a given month), if such adjustment occurs in a given month; (b) to cover the fees and charges (excl. No-VAT Settlements). If there are no fees and charges in a given billing cycle (excl. No-VAT Settlements, as referred to in Section 8), or their total amount is below the overpayment for prior billing cycles (minus adjustments of payments made in the current cycle), and at the same time there are any No-VAT Settlements, the User expresses the intention to change the purpose of the advance, and to apply the funds from the overpayment for No-VAT Settlements (at the amount corresponding to the value of No-VAT Settlements or the overpayment value).

4. Debits arising from fees and commission charged in a given month for the Comprehensive Service and No-VAT Settlements shall be first set off by Allegro.pl against the advance(s) referred to in sections 2 and 3 above, resulting from prior billing cycles. Then, Allegro.pl will clear the advances against the payment made or overpayment emerging in the current billing cycle. In such a case, the provisions of section 1 above shall apply accordingly.

5. The funds obtained by the User from promotional actions organised by Allegro.pl are non-refundable and can only be used in total for the payment of future fees arising from the services performed for the User as part of Allegro.

C. Changes in the amounts of fees and sales commissions

1. Allegro.pl reserves the right to change the amounts of fees and sales commissions. These changes shall be made following the procedure and on the terms set out in the Terms & Conditions.

2. Allegro.pl reserves the right to reduce fees and sales commissions, from time to time, as part of time-limited special offers — on the terms separately provided for such campaigns.

D. Invoices and notes

1. Business Account Users, to receive invoices, should fill in a relevant form and have their data as provided in the invoicing form verified as true. Invoicing data must correspond to the data provided in the Account settings. Invoices for subsequent invoices shall be issued automatically without the need to repeat the actions indicated in the previous sentences — until the User opts out of receiving invoices.

2. Invoices for Users who are natural persons not pursuing an economic activity shall be issued solely upon their request. In such a case, the provisions of subparagraph 1 shall apply *mutatis mutandis*.

3. A. A User who is a tax on goods and services (VAT) payer, having a registered address within a European Union Member State other than Poland, is obliged to produce documents to certify its registration as a taxpayer in one of the European Union Member States other than Poland, and fill in a

form available at My Allegro > Account > Setting > Account data > Tax information. Documents to certify a taxpayer's registration and data provided in the form are checked.

B. Users with their registered seat outside Poland, who have a fixed establishment in Poland, as defined in Article 11 section 1 of Council Implementing Regulation (EU) No. 282/2011, should notify this fact to Allegro.pl, indicating their Polish VAT number. Such notification should be effective starting from the billing cycle during which it is submitted. Submission of such notification will have an impact on the VAT rate applicable to the fees and commissions for the services related to the Transaction, performed as part of Allegro.

4. Invoices for a given month include amounts payable charged in this month, and they are issued no later than on the 15th day of the next month.

5. The User is obliged to update invoicing data immediately following any change. As regards updates to invoicing data (except for address and telephone data), such change is possible only if the company has undergone a transformation or its form of legal succession changed. A change shall be made once documents to certify legal succession are verified as true. The change takes effect starting from the first invoice issued after positive verification of data.

6. A default procedure for sending invoices is making them available in electronic form. By accepting the Terms & Conditions, an acceptance is also given for sending (making available) invoices in electronic form, as defined in the applicable regulations on goods and services tax, on the terms described in the Terms & Conditions.

7. To ensure the authenticity of invoices as defined in separate regulations, invoices shall be made available to the User in electronic form solely upon logging into his/her Account, using login and password, in a manner to enable downloading them to the User's IT system.

8. To ensure the integrity of invoices as defined in separate regulations, the invoices made available in electronic form shall be generated as PDF (Portable Document Format) files, secured to prevent any change to the invoice data, in particular:

- a. document editing,
- b. inserting comments,
- c. filling in or signing form fields,
- d. document assembly,
- e. copying the document contents,
- f. extracting pages.

9. Allegro.pl reserves the right to use other technical solutions in addition to those indicated in subparagraphs 7 and 8 above, aimed to ensure authenticity and integrity of invoices sent (made available) in electronic form.

10. The User may, at any time, withdraw the consent to having invoices sent (made available) in electronic form, by checking the relevant box in the administrative dashboard in the User's Account. The following shall also be deemed a withdrawal of the consent to having invoices sent (made available) in electronic form:

a. The User opting out of receiving VAT invoices, upon logging into his/her Account (closing the invoice account),

b. Any Party declaring to terminate the Agreement.

11. The User who has withdrawn the consent to having invoices sent (made available) in electronic form may give their consent again by checking the relevant box in their Account's settings.

12. Consent to having invoices sent (made available) in electronic form, as well as a withdrawal of the consent, shall have immediate effect.

13. The User who receives VAT invoices sent (made available) in electronic form is obliged to store them in accordance with separate regulations.

14. Allegro.pl reserves the right to issue and send to the User a hard copy invoice, even if the User consented to have invoices sent (made available) in electronic form.

15. Invoices sent (made available) to the User in electronic form shall be available in the User account administrative dashboard for 7 years of the date of issue. Consequently, no copies of electronic invoices are issued.

16. "In minus" amended invoices with VAT are issued by Allegro.pl as part of the approval of conditions for reduction of the taxation base, as referred to in Article 29a section 13 of the Goods and Services Tax Act, expressed through the User's acceptance of the Terms & Conditions.

17. If only No-VAT Settlements are subject to documenting in a given settlement period, instead of an invoice, Allegro.pl shall issue to the User an accounting note.

Using your User Account, you can also provide other optional Personal Data, such as uploading your photo or a graphic representation of your image (a profile picture), thus consenting to their processing. The provision of such Personal Data is fully optional.

Furthermore, we can obtain your Personal Data when you take the option to log in to the Platforms or Register on Platforms through third-party authentication services offered by other parties operating independently from Allegro.pl (e.g. services offered by Google, Apple or services offered as part of websites including social media, such as Facebook). In that case, we obtain your Personal Data only in the form of your full name or login, email address, and profile picture published in such a service or website, and these Data can be assigned to your Account or processed only for the purposes of logging in or Registration on Platforms. When using third-party authentication services, you should read the relevant terms and conditions, and rules governing the processing of personal data by entities offering such services.

Irrespective of the above, please remember that when you use a public profile (i.e. a profile that can be accessed by any Internet user) when using social media for your own purposes, you share your Personal Data based on your own informed and conscious decision. You should carefully consider any risks that may be associated with sharing your Personal Data publicly, in particular, your address or precise location. Such risks may include identifiability, privacy compromise, and in extreme cases even identity theft.

Your purchases and sales on Allegro, including the execution of Transactions and payment of sales commission for Goods sold through the Marketplaces, may entail the need to process other Personal Data, i.e. the data given in the Offer (in particular the content of the Offer), Transaction details (in particular bank account number, payment method, Goods pick-up address, delivery method), invoicing data as well as any data required for shipment tracking, messaging, communicating with other

If you use the Allegro Paczkomaty InPost delivery option, we may obtain your Personal Data, as the recipient of the Goods, from the delivery service provider, namely contact number.

In the case of explosives precursors sales, we may also process the email address that you put in the Offer to support you in the implementation of duties arising from Article 8 of Regulation (EU) No 2019/1148 of the European Parliament and of the Council of 20 June 2019 on the marketing and use of explosives precursors, amending Regulation (EC) No 1907/2006 and repealing Regulation (EU) No 98/2013.

If you use the Associated Services, we process your Personal Data which is necessary for the provision of those services. Where necessary for the provision of an Associated Service, we receive your Personal Data, including the current status of your loan application, the payment status, and the amount of the available revolving limit, from third-party providers offering their financial services through Allegro.

Additionally, for User support purposes, we may contact you using the data you have posted for this purpose in your User Account or transmitted via social media channels (such as Facebook Messenger, Instagram, Twitter, WhatsApp, or WeChat). Where permitted under the applicable law, Allegro.pl will also be entitled to obtain (and otherwise process, for example, to store) other Personal Data regarding communicating with you, e.g. information about support requests or reviews from Users.

Your Personal Data may also be processed **in the context of incoming calls to the Allegro.pl call center**. Incoming calls to the Allegro.pl call center are recorded. If you decide to call us, your Personal Data, such as a contact number and content of the recording (including information provided during the call) will be processed by us in order to handle your request.

In connection with your use of the channels for automated communication with the Seller as part of the Business Account registered by them, made available by Allegro.pl, we collect information on whether the automatically generated answer was satisfactory for you or you decided to ask the question again. Using machine learning technology, we automatically analyze your correspondence with the Seller for

the presence of specific words and their combinations. Based on the keywords that we have found in your message, the automatic reply sent and your decision, we assess whether the content of the automatic reply met your expectations. This way, such automatic replies will be faster and more helpful.

In connection with your participation in loyalty programs, competitions, or promotional campaigns, we will process your Personal Data, which is necessary in connection with such events. Depending on the type of event, this can be your first and last name, contact details (such as a contact number or email address), or any other data required to meet the participation criteria of the event concerned. If the event includes prizes, in order to deliver a prize to you, you may be obliged to add your residence address, the number of your identity card or other identity documents, PESEL number, Tax Identification Number (NIP) number, and other data required to hand over the prize (such as bank account number).

This information may include, for instance, data stored by cookies or your viewing behavior, including the Offers viewed and your preferences in this respect. Additionally, based on the above prerequisites, we will also process your contact details, including the data necessary to send any information, including commercial information that you have specified (contact number or email).

We may also process your Personal Data **for analytical and statistical purposes, including for the purpose of surveys.** To this end, we will use mainly information about your activity on the Marketplaces, including that relating to the usage of individual services, as well as Personal Data concerning your preferences and expectations. Allegro.pl may collect your Personal Data, such as age, by means of surveys sent to Users by email or made available directly on the Marketplaces.

Your Personal Data may also be used **to guarantee an adequate level of security of the Marketplaces.** In this context, Allegro.pl uses a digital fingerprinting technology, which involves taking the 'digital fingerprints' of User devices to identify a device you are using or an application you are installing. The information about you which we collect in this respect can be Personal Data. We may process Personal Data such as your IP address, data stored by cookies, specifications of your software and hardware, device setup (such as details of installed plugins) or your viewing behavior (including the use of network communication protocols), sites viewed, and use of the Mobile Application.

We may process your Personal Data in connection with our right to **assert or defend claims.** To this end, Allegro.pl processes your Personal Data as long as the claims arising from an agreement between you and Allegro.pl or associated with your use of the services provided via Allegro.pl, the Marketplaces, Mobile Application or Associated Services do not become statute-barred in accordance with the applicable laws and regulations. These data may include, for example, indebtedness, information about a specific Order or Offer, Transaction details, or information obtained in connection with your contact with the Allegro.pl call center. The scope of Personal Data processed by us may vary from time to time depending on the subject of the claim.

Section 3. Purposes of, grounds for and period of Personal Data processing by Allegro.pl

Depending on the Allegro.pl services that you use, there are different purposes of and legal grounds for Personal Data processing by Allegro.pl and different periods in which Allegro.pl may store or use your Personal Data.

For each of the processing purposes, we have defined the legal grounds for the processing and the maximum retention period of Personal Data. After the specified period, we will no longer use the Personal Data for the specified purpose. It does not mean, however, that we will remove them in each case. We will retain your Personal Data for the longest of the periods specified in relation to specific Allegro.pl services. For example, when you opt out from using the Account, we will no longer process your Personal Data to provide Account services to you, but we will store your Personal Data for the period permitted by law to enable you to assert your rights and to make it possible to show the history of financial settlements between you and Allegro.pl.

2.1. If a payment transaction is initiated by the User (acting as a payee, i.e. as the party placing a payment order), PayPro shall be liable to the User for non-performance or undue performance of the payment transaction, unless:

- a. the User has failed to notify PayPro of any unauthorized, not performed, or unduly performed payment transactions as part of Przelewy24 Service within the time-limit specified in paragraph 1.22;

2.3. In such a case, PayPro shall immediately make available to the Seller the amount

of the payment transaction by booking it in the settlement tool and making it possible to make the payout referred to in Section 5 or shall book the appropriate amount in order to bring the balance of funds booked in the Seller's settlement tool to the state that would have existed if non-performance or undue performance of the payment transaction had not occurred.

2.7. The Buyer shall be liable for unauthorized payment transactions up to the equivalent in the Polish currency of EUR 150 determined at the average exchange rate announced by the National Bank of Poland applicable on the transaction date if an unauthorized transaction results from:

the provision of payment services referred to in Article 6(10) of the Act.

2.8. The Buyer shall be held liable for unauthorized payment transactions in their full amounts if the Buyer has caused them intentionally or as a result of the violation of at least one of the obligations referred to in Article 42 of the Act, where such violation is intentional or results from gross negligence.

However, if:

2.13. PayPro's liability held under Article 144 and Article 145 of the Act shall also cover fees and interest charged to the User as a result of non-performance or undue, including delayed, performance of a payment transaction by PayPro.

2.14. Pursuant to Articles 47 and 48 of the Act, PayPro shall not be held liable to the Seller for the reimbursement to the Buyer of the amount of an authorized payment transaction initiated by or through the Seller, which has already been carried out, if, at the time of the authorization, the exact amount of the payment transaction has not been specified and the amount of the payment transaction is higher than the amount that the Buyer could have expected, taking into account the type and value of the Buyer's previous transactions, the provisions of the framework agreement with the Buyer's payment service provider referred to in paragraph 6.5 and relevant circumstances. In particular, PayPro shall not be held liable for Sellers' ability to conclude and perform agreements on the sale of goods or services on Allegro, or for Buyers' solvency.

2.18. PayPro shall not be held liable for any failure to make or delay in making a payout of funds to the Seller's payment account referred to in paragraph 5.3 due to reasons arising after the submitting by PayPro of a transfer order to a bank or payment institution.

2.19. PayPro, to the extent to which it performs acts as part of Przelewy24 Service via the agent, referred to in paragraph 1.1. above, shall be liable for the agent as for its own actions and omissions.

Moreover, it is taken into account whether a given Seller, jointly in all their Business Accounts and regardless of the type of the category in which they make sales, has met one of the following conditions:

Subsequent qualifications of a given Seller who has already been qualified to the group of the Sellers whose Transactions involve a higher risk level shall be made in three-month intervals, counting each time from the date of the previous qualification for Payout Withholding, until the moment when, in the subsequent qualification process, it is determined that the Seller no longer meets the Payout Withholding criteria. Overview of major features of the Allegro Finance Service

1.2. The Allegro Finance Service is a payment service (money transfer service) within the meaning of the Act, which consists in accepting funds from the Carrier collected by them from the Recipient in connection with the performance of the Service and transferring them to the addressee, i.e., the Seller. The transfer of funds shall take place in the form of an aggregated payment to the Seller's bank account.

1.3. The condition for the performance of the payment service referred to in paragraph 1.2 above for a specific payment transaction shall be the existence of a monetary obligation on the part of the Supplier vis-à-vis the Seller, arising from the collection of funds from the Recipient in connection with the Service performed on the basis of the Delivery Service ordered by the Seller.

1.4. The Allegro Finance Service for Sellers that includes the payment service referred to in paragraph 1.2 shall be provided under a framework agreement within the meaning of the Act (hereinafter "the Framework Agreement"), the provisions of which have been presented herein.

1.5. A framework agreement between Allegro Finance and the Seller shall be entered into at the end of the two-stage contracting procedure. First, the Allegro Finance Terms & Conditions must be accepted, and this shall occur upon accepting the Allegro Terms & Conditions in connection with the conclusion by the Seller in question with Allegro.pl of the agreement on the provision of services using the Allegro website on the terms stipulated in the Allegro Terms & Conditions.

1.6. The Allegro Finance Terms & Conditions shall be accepted by expressing consent in one of the forms available to Users on the Allegro website.

1.8. By accepting these Terms & Conditions, the User agrees that the information contained herein may be posted on the aforementioned website before the conclusion of the Framework Agreement, thus constituting a draft Framework Agreement made available to each User. The text of the Framework Agreement will be available on the website throughout its entire term, and this is how it will be made available to Users.

1.9. The second stage required for the conclusion of the Framework Agreement shall be the successful completion of the User Identification and Verification procedure referred to in Section 3.

1.10. The Framework Agreement on the provision of the Allegro Finance Service to Sellers shall be concluded for an indefinite term, which, however, shall not be longer than the term of the agreement referred to in paragraph 2.5 of the Allegro Terms & Conditions. The termination of the agreement with Allegro.pl referred to in paragraph 2.5 of the Allegro Terms & Conditions shall also result in the termination of the Framework Agreement concluded with Allegro Finance.

Any transactions performed as part of the Allegro Finance Service shall not be considered bank operations within the meaning of the Banking Law. 1.12. Within the Allegro Finance Service framework, the transfer (payout) of the funds transferred by the Carrier to the Seller shall only be effected by way of a transfer to the bank account defined by the Seller as referred to in paragraph 4.4.

1.13. In order to provide the Allegro Finance Service, Allegro Finance shall use the services offered by specialized financial institutions, which institutions shall be selected with due diligence.

1.14. The Allegro Finance Service can be provided to Users who have a device enabling them to access the Internet, including an Internet browser and a bank account maintained with a bank with its registered office in Poland.

Upon accepting these Terms & Conditions, the User agrees to the method of providing information on payment transactions as described above.

Unauthorized payment transactions

1.19. In order to prevent any unauthorized payment transactions, the Seller must not disclose their Account credentials (login, password) to any third parties, since such data make it possible to use the Account's functionalities, including the placing of orders for POD shipments as part of the Services referred to in Appendix No. 16 of the Allegro Terms & Conditions.

1.20. The Seller shall promptly report to Allegro Finance any loss or unauthorized use of their identification details, enabling the placement of payment orders. Such reports should be made in the manner referred to in paragraphs 1.21 and 1.22 within 13 months from the performance date of unauthorized or improperly performed payment transactions or from the date on which a transaction was to be performed. In order to verify the information and the data, when handling the Form, Allegro.pl may contact the Buyer or the Seller and request additional documents substantiating the course of events. In the event of doubts as to the legitimacy of the Buyer's claim or inaccuracies in the description of the Transaction or inaccuracies related to the performance of the Transaction, Allegro.pl may refuse to grant or pay compensation. In justified cases, if the prerequisites specified in sub-paragraph 1(b) of Part I of this Appendix arise, Allegro.pl may make the payment of the compensation dependent on sending the Goods to the registered office of Allegro.pl.

3. The Buyer must inform Allegro.pl immediately if, in the period after sending the Form, any events occur that cause their claim against the Seller change. In particular, if they receive any compensation or damages or if the Seller remedies a part of or the entire damage suffered by the Buyer, or removes its effects.

4. The Buyer hereby declares that upon the payment by Allegro.pl of the compensation claimed, they will assign to Allegro.pl all amounts due to them from the Seller due to the Seller's failure to fulfill the obligations resulting from the agreement concluded under the Transaction to which the claim pertains.

5. If during the process of examining the Form, the situation is clarified in favor of the Buyer due to the receipt of the Goods or of a refund by them, the compensation shall not be paid.

6. If the Buyer has received undue payment or the Seller has repaired the damage, the Buyer must immediately, not later than within 7 days, reimburse the compensation received from Allegro.pl to the account number 63 1140 1124 0000 5165 0800 1010.

7. If Allegro.pl makes a decision to pay the compensation under the Buyer Protection Program, the Seller's account may be blocked until the issue is clarified or the compensation paid is reimbursed.

8. Where a Transaction was paid by means of the option of payment services made available on Allegro, Allegro.pl may at the Buyer's request reimburse the Buyer, as part of the Buyer Protection Program, for the funds obtained from the Transaction upon meeting all the following conditions:

a) The Buyer informed Allegro.pl via the Buyer Protection Program that the Goods had not been delivered, and

b) The Seller has not documented the fact of the fulfillment of the agreement concluded as part of the Transaction, although they received the request to do so from Allegro.pl and have not given a response within 24 hours from the request, with Saturdays, Sundays, and other public holidays being excluded from such response time (the fact of the fulfillment of the agreement concluded with the Buyer may be documented by the Seller, in particular, by sending to Allegro.pl the tracking number or a copy of the proof of the Goods shipment), and

c) The Seller is subject to a temporary restriction or suspension of access to particular services provided on Allegro pursuant to paragraphs 2.12 and 8.4 of the Allegro Terms & Conditions (of which they are informed by Allegro.pl by separate correspondence).

9. The compensation shall be paid to the Buyer through the payment Operator to the payment instrument which was used to pay for the Goods. Where that is impossible, the payout will be transferred to the settlement tool maintained for the Buyer by the payment Operator or to a bank account indicated by the Buyer. The User may issue a payout instruction on their own in the Payout Settings section at https://allegro.pl/myaccount/newpayments_payout.php.

If the Goods have been paid for using Allegro Pay Later or Allegro Pay, an equivalent of the compensation shall be transferred to the financing provider to repay the loan taken out by the Buyer.

10. In case the Buyer is given any compensation under Section 1 sub-paragraph 1.a, Allegro.pl will charge the Seller with an amount corresponding to the compensation paid to the Buyer, as part of the settlements referred to in Appendix No. 4, Section 8.

d) when a bidder joins the Auction during the last 60 seconds, the bidding is extended by 5 minutes;

e) the Seller may end the bidding before the Auction end time, in which case the transaction — conditional, on condition of making the payment to the Seller in accordance with this Appendix — within the Classified with Auction is made between the Seller and the User who placed the highest bid at the time when the Auction was closed;

In the case referred to in the preceding sentence, a given Announcement will be automatically visible again on Allegro Lokalnie, unless the Seller resigns from such automatic re-listing by selecting the appropriate option in their Account, under My Allegro Lokalnie > My local sales > Orders from buyers, and My Allegro Lokalnie > My local sales > Closed announcements.

Section 6. Communication between Users on Allegro Lokalnie

Within Allegro Lokalnie, Buyers and Sellers can communicate about a Classified or a Classified with the „Buy now” option or Classified with Auction using the Allegro Lokalnie functionality. The communication cannot be aimed at concluding the transaction regarding a Classified with the „Buy now” option or a Classified with Auction outside of Allegro Lokalnie; in such a case, Users should use other forms of Classifieds. - 24) activities for the family, motherhood, parenthood, promotion, and protection of children's rights;
- 25) revitalization;

whereby, for the avoidance of doubts, it is hereby noted that the pursuit of the above causes cannot involve activities and organization of Fundraisers that contravene the provisions of law, good practices, infringe upon the rights of third parties or commonly accepted social norms, and those that propagate fascism or other totalitarian political system or incite hatred on the basis of nationality, ethnic origin, race or religious beliefs or lack thereof. Allegro.pl may also refuse to organize a Fundraiser and terminate a Fundraiser already in progress in the event of the violation by it of third-party rights or the image or good reputation of Allegro.pl or a Fundraiser which may adversely affect this image and a Fundraiser which raises reasonable doubts as to its compliance with law or for which there is a likelihood of fraud.

10.5. A Fundraiser shall be visible to all Users.

10.6. The Fundraisers' beneficiaries may include respectively:

- a) For Fundraisers specified in sub-paragraph 10.2.a) hereof — an entity referred to in sub-paragraph 10.2.a) hereof;
- b) For Fundraisers specified in sub-paragraph 10.2.b) hereof — an entity within which the User operates;
- c) For Fundraisers specified in sub-paragraphs 10.2.c) and 10.2.d) hereof — an entity that is a holder of the account of a parent board;

whereby the Fundraiser's beneficiary, based on the representations with which Allegro.pl has been provided, commits to use the funds collected in accordance with the purpose and a description of the Fundraiser, and also to transfer the funds to a relevant entity (the Fundraiser's ultimate beneficiary).

10.7. A Fundraiser can be set up for a definite period of time, not longer than six months. The maximum amount that can be raised through a Fundraiser is PLN 5,000 (say: five thousand zlotys).

10.8. The money raised through a Fundraiser shall be allocated for the cause specified for the Fundraiser — the amount shall be transferred to the bank account stated by the User who has created the Fundraiser — on condition of raising the full amount specified for the Fundraiser in the period for which the Fundraiser was organized or upon the lapse of the Fundraiser period, provided that the User who/which is the Fundraiser organizer makes a statement that the funds raised by that time as part of the Fundraiser are sufficient to achieve the purpose of the Fundraiser. If the amount is not raised within the time allotted for the Fundraiser and the Fundraiser organizer fails to make the statement referred to in the preceding sentence, the Fundraiser organizer must indicate a different Fundraiser from the same category in the vicinity for which the amount raised already is the closest to the amount to be raised as part of this Fundraiser. If no such Fundraiser is indicated, the funds shall be transferred to a randomly selected Fundraiser from the same category or from the closest category. If the amount raised for the Fundraiser is exceeded, the surplus funds shall be transferred to the same account as indicated by the organizer for payments of the funds out of the Fundraiser.

10.9. Allegro.pl does not charge any fees for providing and supporting the Fundraiser functionalities.

10.10. Allegro.pl shall verify the Fundraiser, and particularly the account to which the funds raised through the Fundraiser are to be transferred, only by verifying the documents referred to in sub-paragraph 10.3(c).

10.11. As regards the payments and collection and transfer of raised funds, Fundraisers are supported by PayU S.A. with its registered office in Poznań, on the terms set out in Appendix 7A to the Terms & Conditions, and, on a supplementary basis, in this Appendix. Fundraisers may be supported only if the

payment methods supported by PayU S.A. with its registered office in Poznań are used for the Transaction.

10.12. The Seller may donate the entire or a portion of the Goods Price received from a Classified ad with the „Buy now” option and Classified with Auction to a Fundraiser of his/her choice, except for the following categories: “Health and beauty”: “Erotica”, “Natural medicine”, “Dietary supplements”; “Automotive”: “Cars”, “Motorcycles and Quads”, “Machinery”, “Trailers, semi-trailers”, “Other Vehicles and Boats”; “Sports and Travel”: “Military supplies”: “ASG”, “Air Guns”; “Culture and Entertainment”: “Tickets”, “Coupons, Vouchers”. The Seller shall indicate the Fundraiser when creating the Classified with the „Buy now” option or Classified with Auction, respectively. The amount shall be transferred to the Fundraiser at the time of the payment for the Transaction related to the Classified with the „Buy now” option or the Classified with Auction for which the Seller has decided to donate the entire or a portion of the price to a given Fundraiser, subject to the terms set out below. The Seller may not change the supported Fundraiser through editing the Classified with the „Buy now” option or Classified with Auction. If the Fundraiser chosen by the Seller ends before the conclusion of the Transaction under the respective Classified with the „Buy now” option or Classified with Auction, the entire price paid will be transferred to the Seller and a fee will be charged on the transaction in accordance with Appendix No. 4, Part IV A. Allegro Lokalnie Fees, clause 1. In the event of a surplus over the amount to be raised, paragraph 10.8 shall apply *mutatis mutandis*.

10.13. Funds donated by the User shall be transferred first to the Fundraiser selected by the User. When the Fundraiser does not end with the raising of the full amount of the Fundraiser within the period for which the Fundraiser has been created, the Fundraiser organizer may declare that the funds raised for the Fundraiser by that time are sufficient to achieve the purpose of the Fundraiser — in this case, funds from the Fundraiser shall be transferred to the account indicated by the Fundraiser organizer; if the organizer fails to submit the said declaration, the Fundraiser shall be extended automatically once by 3 months.

After the end of the Fundraiser period, including the extended period, when the Fundraiser does not end with the raising of the amount specified for the Fundraiser, the entity that organized the Fundraiser shall declare that the funds raised during the Fundraiser by that time are sufficient to achieve the purpose of the Fundraiser — in this case, funds from the Fundraiser shall be transferred to the account indicated by the Fundraiser organizer. In the absence of or refusal to make the declaration referred to in the preceding sentence, the entity organizing the Fundraiser shall transfer, through Allegro Lokalnie, the funds raised for the Fundraiser to a different Fundraiser in progress from the same category or from the category which is the closest to that category.

10.14. If the second Fundraiser also fails and the Fundraiser organizer is not able to achieve the purpose of the Fundraiser with a smaller amount, the funds donated by the User will be transferred to the next Fundraisers from the same category of Fundraisers.

10.15. By donating funds to a Fundraiser selected by the User, the User consents to the transfer of funds from a failed Fundraiser to other Fundraisers, as per paragraphs 10.13-10.14 above.

10.16. The role of Allegro.pl is limited to providing Users with a tool enabling them to create Fundraisers on the terms set out in the Terms & Conditions. Users have full discretion in respect of their decision to support a specific Fundraiser. Before making a decision to support a Fundraiser, the User should always carefully read all the information regarding the Fundraiser. Users make decisions to support Fundraisers at their own risk and responsibility.

10.17. Allegro.pl is not responsible for the actions or omissions of Fundraiser organizers, who act independently of Allegro.pl when creating Fundraisers. Verification by Allegro.pl is limited to making sure that the Fundraiser satisfies the formal requirements set out in the Terms & Conditions. Furthermore, Allegro.pl does not guarantee that a Fundraiser will be successful.

10.18. If the User decides to support a Fundraiser on the terms set out in the Terms & Conditions, this shall be tantamount to entrusting funds intended for the Fundraiser to the entity that runs the Fundraiser in order for the funds to be donated to the selected Fundraiser based on the instruction from the User who supports the Fundraiser and on the terms set out in the Terms & Conditions.

10.19. From the moment a Fundraiser is created, PayU S.A. will maintain a settlement tool for the entity that runs the Fundraiser, on which funds donated to the Fundraiser will be collected. The entity that has created a Fundraiser and that has been entrusted by Users with funds for the Fundraiser shall allocate the funds exclusively to Fundraisers, as instructed by Users, which shall only be done through the Allegro Lokalnie functionality designed for Fundraisers. The funds collected on the settlement tool will be distributed in accordance with the Users' instructions with no need for the entity that has set up the Fundraiser to take any action. The entity creating the Fundraiser gives the consent referred to in this paragraph 10.19 when creating the Fundraiser.

10.20. Given the adopted technical solutions and the temporary allocation of the funds to the settlement tool of the User organizing the Fundraiser, there is a risk that the funds deposited in that settlement tool may be seized by enforcement authorities as part of enforcement proceedings instituted against the User. When organizing a Fundraiser, the User represents that no enforcement proceedings are pending against them and that there are no impediments or circumstances which could threaten the correct organization and running of the Fundraiser, including the funds raised as part thereof. Where the funds have been lost for reasons attributable to the User, the User shall commit to reimbursing Allegro.pl for them without undue delay.

10.21. Where a Fundraiser features an image, the User represents and warrants that they are authorized to use the image and that they have obtained any required third party consents to use the said image, and that the use thereof as part of the Fundraiser will not infringe any third-party rights. The image must be linked with the purpose of a given Fundraiser and it may not contain any illegal or offensive content or content contrary to the generally applicable customs and standards of social conduct. Allegro.pl

reserves the right to remove the images which, in the company's opinion, violate the provisions of this paragraph 10.21.

Section 11. Privacy policy — Fundraisers

2.3.

The Seller hereby declares that they are entitled to entrust Allegro.pl with the processing of Personal Data for the purposes and to the extent provided for in the Agreement.

2.4.

Allegro.pl shall process Personal Data also for its own purposes within the scope that follows from the Privacy Protection Policy, which constitutes Appendix No. 5 to the Allegro Terms & Conditions. The fact that Allegro.pl processes Personal Data at the Seller's request shall not limit the right of Allegro.pl to process Personal Data in other cases described in the Allegro Terms & Conditions.

2.5.

The Seller shall accept the processing of Personal Data by Allegro.pl to the extent that Allegro.pl has an independent legal basis for the processing of Personal Data, including for the purpose of improving the quality of the Service provided, developing algorithms for the provision of the Service, offering own services to Buyers, exercising or defending claims, and for analytical purposes.

Section 3. The rules for the processing of Personal Data by Allegro.pl on the Seller's behalf

3.1.

Allegro.pl shall process Personal Data pursuant to personal data protection regulations, in particular, the GDPR.

3.2.

As part of the right to audit (including the right to inspect), the Seller may request Allegro.pl to provide information regarding the processing of Personal Data by Allegro.pl, by sending the respective request to the address: iod@allegro.pl. Upon receiving the request, Allegro.pl shall reply to the request sent (and shall provide the information covered by the request) within 30 (thirty) days of receiving the request.

Allegro.pl may further entrust the processing of Personal Data to sub-processors. If the Seller objects to the use of sub-processors by Allegro.pl, the Seller should terminate the agreement as described in Section 15 of the Allegro Terms & Conditions. 1.3.

EU VAT Directive — Directive 2006/112/EC with Council Implementing Regulation (EU) No 282/2011;

1.4.

VAT Act — the VAT Act of 11 March 2004 as applicable in Poland;

1.5.

1.6.

B2C Transactions — Transactions made between Sellers, understood as the entities referred to in paragraph 2.3. of the Allegro Terms & Conditions, who have registered Business Accounts and Buyers, understood as entities referred to in paragraph 2.1. of the Allegro Terms & Conditions, who have registered Regular Accounts or Business Accounts and who have declared that the purchase of Goods

is for private purposes, i.e., is not related to conducted business activity. B2C Transactions do not cover transactions for which the Buyer, who has a Regular Account, declares that they want to receive an invoice for their business purposes.

7. Fixed Establishment – in accordance with Article 11.2 of the Council Implementing Regulation (EU) No. 282/2011, i.e., a place characterized by a sufficient degree of permanence and a suitable structure in terms of human and technical resources to enable an entity that does not have any registered seat in a specific EU country to carry out business activity in it. In particular, its establishment is not determined by the obligation to be registered for VAT purposes or the fact of being registered for VAT purposes in a particular country.

Section 2. Introduction

2.1.

Appendix No. 20 of the Allegro Terms & Conditions provides the terms and conditions for Sellers regarding the applicability of the e-commerce VAT Package on Allegro, which, under the EU VAT Directive, as part of B2C Transactions, imposes on e-commerce platforms, including Allegro, the obligation to settle VAT or to process, archive, and report transactional data.

2.2.

Due to the applicability of the e-commerce VAT Package, Allegro.pl shall be assigned the taxpayer status, i.e., it is obliged to collect and pay VAT for B2C Transactions made on Allegro, when the following conditions are met jointly:

- a. VAT Goods are delivered by Sellers with registered seats outside the European Union (who, at the same time, do not have a Fixed Establishment in the territory of the European Union) and
- b. VAT Goods are delivered in the territory of the European Union.

*(Example 1: Allegro.pl will be required to collect and pay e-commerce VAT on a Transaction made between a Seller with its registered seat in China, who **does not have any Fixed Establishment** in any European Union country, and the Buyer from Poland who is a consumer, if the item on the Offer at the time of purchase is in a warehouse in Germany and, as a result of the Transaction, it will be shipped from Germany to Poland.)*

*(Example 2: Allegro.pl will not be required to collect and pay e-commerce VAT on a Transaction made between a Seller with its registered seat in China, who **has a Fixed Establishment** in the Netherlands (and is registered there for VAT EU purposes), and the Buyer from Poland who is a consumer, if the item on the Offer at the time of purchase is in a warehouse in the Netherlands and, as a result of the Transaction, it will be shipped from the Netherlands to Poland.)*

2.3.

Within the scope of paragraph 2.2. and in other cases, under B2C Transactions covered by e-commerce VAT, Allegro.pl shall process, including archiving, transaction data referred to in paragraph 3.1. below and make them available to competent tax authorities upon their request.

2.4.

At the same time, Allegro.pl reserves that, despite the provisions contained in this Appendix of the Allegro Terms & Conditions related to the obligations of Allegro.pl concerning VAT settlements under the e-commerce VAT Package and the archiving of information on specific Transactions, the role of Allegro.pl referred to in Section 8. of the Allegro Terms & Conditions and the Seller's obligations resulting therefrom, including those related to the completion of Transactions, shall not change.

CHAPTER 2. TRANSACTIONS

Section 3. Sellers' Liability

3.1.

Allegro.pl shall settle VAT for Transactions subject to e-commerce VAT and process, including keeping records of these Transactions, based on the information provided by the Seller. For this purpose, the Seller shall provide the required and accurate data and information, update them promptly, and make factual statements.

3.2.

The scope of data and information referred to in paragraph 3.1. and provided by the Seller shall refer to the time of the B2C Transaction and include, but not be limited to:

- a. the Goods being sold in the Offer and other parameters and information contained in the Offer description, required to determine the obligation to settle e-commerce VAT, including those regarding the change in the price of the Goods sold, cancellation of payment, reimbursement of the payment to the Buyer, return of the Goods by the Buyer;
- b. the country of the Seller's registered seat;
- c. the fact of having or not having any Fixed Establishment in the territory of the European Union in the case of Sellers with their registered seats outside the European Union;
- d. the country where the Goods are stored at the time of their sale understood as the country from which the Goods purchased are to be dispatched (in accordance with the Seller's declaration at the time of their sales).

At the same time, for each Offer, the Seller will be able to optionally specify additional settlement or reporting parameters under the e-commerce VAT Package. In particular, when listing an Offer, the Seller

will be able to declare the VAT rate applicable in Poland for the Goods sold and, if justified, the basis for excluding it from VAT or e-commerce VAT, and whether the item(s) sold in the Offer are VAT Goods or services within the meaning of the VAT Act. In the absence of the aforementioned declaration, the Goods sold in the Offer shall be assigned the status of VAT Goods and the basic VAT rate applicable in Poland. In the case of B2C Transactions, which, in accordance with the e-commerce VAT principles, are taxed in a country other than Poland, the Goods sold in the Offer shall be assigned the basic VAT rate applicable in the specific region of the European Union being the country of the delivery of the Goods as specified by the Buyer.

A Seller outside the European Union who has a Fixed Establishment in the territory of the European Union should submit an appropriate declaration and provide a valid VAT EU number assigned to them in the country in which they declare having their Fixed Establishment.

3.3.

Allegro.pl reserves that each change of any information or data referred to in paragraph 3.2. above shall be taken into account from the first B2C Transaction to be carried out after the Seller changes such data. In particular, as a rule, their retrospective application to the already completed B2C Transactions shall not be possible. However, in the case of declaring a Fixed Establishment, the declaration shall be considered made with full force and effect upon the positive verification of the VAT number assigned to the Seller in the country in which they declare having the Fixed Establishment.

3.4.

The information or data referred to in paragraph 3.2. above provided by Sellers may be monitored or verified by Allegro.pl using internal controls or by tax authorities, including Polish or foreign customs authorities, as part of appropriate control procedures.

3.5.

Allegro.pl reserves that in the event of any doubts as to the true nature or accuracy of the data referred to in paragraph 3.2. above, it may take measures in accordance with paragraph 8.2. of the Terms & Conditions, i.e., refuse to publish the Offer, terminate the Offer early, or remove the Offer with Buy Now option or remove the Auction.

3.6.

The price of the VAT Goods specified in the Offer by the Seller must be indicated in its gross amount, i.e., including any VAT. If Allegro collects e-commerce VAT as part of the B2C Transaction being carried out, the amount transferred to the Seller for the sales of the VAT Goods under the Offer shall be reduced by the value of the calculated e-commerce VAT.

(Example 1: If a Transaction is subject to e-commerce VAT, then if the price of the item in the Offer is PLN 123 and it is subject to 23% VAT, Allegro.pl will collect and pay PLN 23 to the tax authority, and the Seller will effectively receive PLN 100).

(Example 2: If in relation to the same Offer referred to in Example 1 above, the Transaction is not subject to e-commerce VAT, i.e., if in the same circumstances, the purchase would be made by a Buyer who is not a consumer (e.g., a limited liability company), then Allegro.pl will not collect VAT and the Seller will effectively receive PLN 123).

Section 4. Settlements

4.1.

By accepting this Appendix, the Seller hereby authorizes Allegro.pl to order the Payment Operator, referred to in Appendix 7A and Appendix 7B of the Allegro Terms & Conditions, to pay from the funds booked in the Seller's settlement tool any amounts due for Transactions qualified as subject to e-commerce VAT settlement by Allegro.pl within the shortest time frame possible following a relevant tax-triggering event. The authorization shall also provide for the right to process data for this purpose. The collected amount shall each time correspond to the current e-commerce VAT amounts due. The Seller may not claim a refund in that respect within the meaning of Articles 47 and 48 of the Act on Payment Services of 19 August 2011, subject to paragraphs 4.5.–4.8. below. If the Seller withdraws the authorization referred to in the preceding sentence, any re-authorization shall be granted exclusively through the re-acceptance of this Appendix and the Allegro Terms & Conditions.

4.2.

As per tax regulations, Allegro.pl shall transfer the amount of VAT collected by Allegro.pl for Transactions classified as subject to e-commerce VAT settlement to competent tax authorities.

4.3.

E-commerce VAT settlements shall be included in the Seller's current balance by making an appropriate billing entry by Allegro.pl in a separate tab in the Seller's Account, and then properly documented in the invoice issued by Allegro.pl.

4.4.

The Seller shall be charged VAT, and Allegro.pl shall collect its amount for Transactions classified as subject to e-commerce VAT settlement when the tax obligation arises for Allegro.pl, i.e., at the time when the Buyer accepts the payment related to the Seller's particular B2C Transaction, i.e., respectively:

- a) when the Buyer clicks the "Buy and Pay" button next to the Buy Now option, and
- b) in the case of an Auction, upon clicking the "Pay" button and providing the delivery address by the Buyer, but no later than within 7 days; however, in the absence of the declaration concerning the delivery country for the Auction within the time-limit specified above, Poland shall be considered the delivery country for the Goods. If, after 7 days, the delivery country other than Poland is provided, Allegro.pl shall correct e-commerce VAT settlements at the Seller's request.

4.5.

If the Seller makes a full or partial refund of the payment to the Buyer for the Goods purchased in a B2C Transaction for any reason (e.g., due to a complaint or withdrawal from the agreement without providing a reason), the Seller shall refund the gross amount to the Buyer under the B2C Transaction carried out (i.e., including the amount of e-commerce VAT collected).

4.6.

In the event when the refunds referred to in paragraph 4.5. above are made through the tools available on Allegro the refund of the e-commerce VAT collected by Allegro.pl shall be made automatically in an appropriate and proportional amount to the Seller's settlement tool on Allegro. If the said refunds are made by the Seller outside the tools available on Allegro (e.g., directly between the Seller's and the Buyer's bank accounts), the refund of the e-commerce VAT collected by Allegro.pl shall be made only upon the request made by the Seller to Allegro.pl.

4.7.

In the event when the Buyer cancels a B2C Transaction (withdraws from the agreement) until the time when payment is assigned the "Payment complete" status, the e-commerce VAT correction in the Seller's settlement tool shall be made automatically. In the event when the Buyer cancels a B2C Transaction later, the refund of the e-commerce VAT collected by Allegro.pl shall be made only upon the request made by the Seller to Allegro.pl.

4.8.

In the event of circumstances related to the handling of B2C Transactions other than those described in paragraphs 4.5.–4.7. above, in particular, events related to the modification of an order by the Seller or the Buyer affecting the amount of VAT (e.g., order surcharge, combining payments, or editing orders), Allegro.pl reserves the right to reclassify the Transactions as part of e-commerce VAT, as a result of which the related charges for the Seller may be corrected. Provisions of paragraph 4.3. above shall apply accordingly.

4.9.

For e-commerce VAT settlements made by Allegro.pl, each order in a B2C Transaction shall be understood as:

a. a single parcel if, for a particular order, as per the Seller's declaration, the delivery of the Goods is to be made only from the territory of the European Union or only from outside the territory of the European Union;

b. separate parcels if, for a particular order, as per the Seller's declaration, the delivery of the Goods is to be made jointly from the territory of the European Union and from outside the territory of the European Union.

(Example: If, as part of an order from the same Seller, the Buyer has ordered two items of Goods, and the first item is located in and is to be dispatched from a warehouse in the USA and the second item is located in and is to be dispatched from a warehouse in the Netherlands, Allegro.pl will assume that, as a result of the order, the Buyer will be delivered the items in two parcels – one from the USA and the other from the Netherlands.)

4.10.

In the case of B2C Transactions subject to e-commerce VAT, the Buyer, upon the conclusion of the purchase agreement, shall receive an e-mail from Allegro.pl about the amount of tax collected by Allegro.pl on the purchase price of the item in the Offer.

4.11.

In the event of confirming any inaccuracies, incorrectness, or failure to update the data referred to in paragraph 3.2. above, as a result of which Allegro.pl must settle e-commerce VAT or must settle it in a higher amount, the Seller shall pay to Allegro.pl compensation in the amount corresponding to the amount of e-commerce VAT charged or charged additionally by Allegro.pl plus interest on outstanding tax payments, if applicable in particular circumstances. The situation described above may occur as a result of (i) an internal audit carried out by Allegro.pl or (ii) a verification or audit carried out by relevant tax authorities, including Polish or foreign customs authorities, related to settlements made by Allegro.pl due to e-commerce VAT.

4.12.

The compensation referred to in paragraph 4.11. above shall be charged by Allegro.pl in the month in which the correction of tax settlements is made as a result of any internal verification or audit carried out by Allegro.pl or in the month in which the decision on the correction due to e-commerce VAT related to settlements made by Allegro.pl is made based on the verification or audit carried out by competent authorities indicated in paragraph 4.11. above.

4.13.

If after the correction of the tax settlements referred to in paragraph 4.12. above, in particular as a result of the completion of the relevant appeal procedure by Allegro.pl, Allegro.pl makes a (full or partial) reverse correction of the aforementioned e-commerce VAT settlements. It shall adjust the amount of the compensation referred to in paragraph 4.11 above accordingly in the month in which the decision on the reverse correction is made.

Section 5. Processing and archiving transactional data

5.1.

Data, including personal data, concerning Transactions subject to e-commerce VAT as regards its settlement, keeping records, or reporting of B2C Transactions, shall be processed, archived, or made available to tax authorities at their request, as per applicable regulations for a period of 10 years counting from the end of the year in which a particular B2C Transaction was made. Detailed personal data processing principles are provided for in Appendix No. 5 of the Allegro Terms & Conditions titled "Privacy protection policy".

Appendix No. 21

Appendix No. 21: Details of Allegro Prices program

This appendix presents the terms and conditions of the Allegro Prices program (hereinafter: "**Program**").

Section 1. Scope of Program

As part of the Program, the Seller agrees to an automatic decrease of the Goods price, as a result of which the Buyer can acquire it at a reduced price. In return, Allegro.pl provides the Seller with a transaction rebate that lowers the fee due to Allegro.pl for the services performed as part of Allegro, corresponding to the difference between the original and discounted Goods price (hereinafter: "**Rebate**").

Section 2. Seller's qualification for the Program

2.1.

Each Seller with a Business Account will be included in the Program, as long as:

- a. the Seller's Sales Quality level is at least Neutral (in accordance with paragraph 10.6 of the Allegro Terms & Conditions);
- b. the Seller has had at least 98.5% positive reviews within the past 12 months.

Allegro.pl reserves the right to introduce additional eligibility criteria for the Program (e.g., the minimum revenue criterion), which will be published at least 1 month in advance at [\[Allegro for Sellers\]](#).

2.2.

The Seller may exclude one or all of its Business Accounts from the Program; such exclusion will take effect within 24 hours of submitting a relevant request.

2.3.

Allegro.pl reserves the right to remove the Seller from the Program if the Seller violates the Terms & Conditions or acts to the detriment of consumers.

Section 3. Selection of Goods for the Program

Allegro.pl selects Goods for the Program on the basis of consumers' interest in them.

Section 4. Offer qualification

4.1.

Only Offers linked to the Product Catalog or which have a GTIN code (e.g., EAN, ISBN) shall be covered by the Program.

4.2.

When selecting Offers for the Program, Allegro.pl is primarily guided by the result it will achieve despite the Goods' reduced price. The result is calculated as the difference between the value of the sales commission on the sale of the Goods covered by the Program (incl. the additional sales commission on Featured Offers) and the value of the Rebate, minus the costs of the cheapest delivery option available to a User who has purchased the Allegro Smart! Service.

If the result from two or more Offers of one or several Sellers considered for the Program is identical, Allegro.pl will be guided by the following auxiliary requirements (in order from the most important to the least important):

- a. the Offer is included in Allegro Smart! delivery;
- b. the Seller declares a shorter delivery time in the Offer;
- c. the Offer is listed by the Seller with a higher Sales Quality;
- d. the Offer is listed by the Seller that has generated higher revenue at Allegro for the past 30 days.

If the Goods quantity within the best Offer is too low, the next best Offer will also be included in the Program.

4.3.

Offers are qualified to the Program at least once a day.

4.4.

The Seller may exclude any of its Offers from the Program; such exclusion will take effect within 24 hours of submission of a relevant request.

Section 5. Discount duration

No Offer can be covered by the Program for more than 60 days. In the case of promotional campaigns, an Offer cannot be covered by the Program for longer than the campaign duration.

Section 6. Rebate calculation date and maximum value

6.1.

The Rebate shall be calculated in the month in which the Goods were sold as part of the Offer covered by the Program.

6.2.

The total value of Rebates granted in a given month cannot exceed the fee due to Allegro.pl for the services rendered as part of Allegro.

6.3

Allegro.pl may temporarily exclude the Seller from the Program if the total value of Rebates granted in a given month is close to the fee due to Allegro.pl for the services rendered as part of Allegro.

Section 7. Commission on sale of Goods from Offers covered by Program

Allegro.pl charges commissions on the sale of Goods from Offers covered by the Program, taking into account the Seller's original price for the Goods (before the application of the discount). Allegro.pl reserves the right to charge a lower sales commission within the framework of temporary promotional campaigns..

Section 8. Maximum price discount

The Goods price after a discount cannot be lower than 80% of the Seller's original price and in the case of promotional campaigns organized by Allegro.pl (eg., Black Week, Smart! Week) — lower than 70% of the Seller's original price..

Section 9. Purchase limits

Allegro.pl may impose purchase limits for Buyers on any Offer covered by the Program. In this case, within 30 days, the Buyer will be able to purchase the maximum quantity indicated by Allegro.pl. Purchase limits are intended to protect the Seller from wholesale purchases of Goods from Offers covered by the Program.
