 ON BENEFICIAL OWNERS***

Why are we asking for this statement?

Domestic payment institution must counteract money laundering and terrorism financing. We have a legal obligation to verify the identity, ownership structure and connections of each partner.

The law requires that we should determine who is the beneficial owner i.e. who (**a natural person**, not a company):

- is the owner of your organization or
- exercises direct or indirect control over it,
- holds more than 25% of shares/stocks or votes in the decision-making body.

If your organization's shareholder is a different organization, you also need to consider the natural persons in its structure.

If your organization has several actual beneficiaries, enter the data for each of them.
